HOW TO ORDER YOUR MARKLEY CUSTOM DRUMS:

Pricing

After deciding on the snare drum and/or drumkit you want us to build for you, add up the prices for the specific drum sizes and options you want from the price list. Make sure you use the correct column for the finish option that you want. (ie. Satin, Lacquer, TourPro™ wrap, etc.)

Place Your Order

Email your order to us at markleycustomdrums@hotmail.com. Remember to include details about your finish choice!

We will confirm pricing to you in a return email.

If you need to discuss specific requirements with us, you can call us at 717-615-7502.

Since we build to your custom order, we require a check, money order, or PayPal for 50% of the total before starting on your drums.

Your deposit will also reserve your place on our waiting list. Once we begin building your kit, the deposit becomes non-refundable.

Final Payment and Delivery

When we are about a week away from completing your order, we contact you and request the balance along with the shipping charges.

Currently we only accept checks, money orders, and PayPal payments to our markleycustomdrums@hotmail.com account.

Due to our backlog of orders, lead times can range between 2 and 12 weeks.
